## Basic Payment Scheme 2022

### Claim Statement

#### Part A: Summary

**Business name:** FARM NAME

**Single Business Identifier (SBI):** 111111111

**Firm Reference Number (FRN):** 222222222

**Scheme year:** 2022

**Application ID:** 333333

**Date of calculation:**xx xxx xxxx

**Calculation reference number:** 444444444

**Payment currency:** Sterling

Claim summary:

		Reductions (€)	Total (€)
Main BPS claim value (excluding greening and young farmer parts)	18,038.69		
Greening	7,890.41		
Sub total			25,929.10
<b>Total BPS claim value in Sterling (£)</b>	<b>£ 23,100.76</b>		

If there are any cross compliance reductions they will be shown in the summary above. All other payment calculations and reductions are shown in Part B.

#### Part B: Calculations

We calculated the total BPS claim value by adding together:

- the main BPS claim value (excluding greening and the young farmer parts of your claim)
- the greening payment
- the young farmer payment (if one is due)

The value of each part of your claim depends on how many entitlements were used correctly on the application and whether we have had to apply any reductions or penalties. You'll find more information about how we calculated each part of your claim in the tables below.

## The exchange rate

All calculations in this statement are shown in Euros and then converted into Sterling at the final stage of the claim calculation. All BPS 2019 payments will be paid in Sterling (£). The exchange rate from Euro (€) to Sterling for BPS 2019 is €1 = £0.890920.

## Financial Discipline Mechanism (FDM)

Page 97 of the BPS 2019 scheme rules explains about the 'Financial Discipline Mechanism' and how it will reduce a BPS 2019 claim, including the greening and young farmer parts of your payment. Financial discipline (FDM) does not apply to the first €2,000 of a claim. If a claim is €2,000 or less, it will not be reduced for FDM.

The rate of financial discipline for BPS 2019 is 1.432635%.

You may get a refund during 2020 of some or all of the money deducted for FDM from your BPS 2018 payment, if it is not required. The FDM reimbursement payment will be paid even if you did not claim in 2018 or previous years. Reimbursements have not been included on the claim statement or with your BPS payment. We will tell you about any reimbursement separately.

For more information about calculating your payment, penalties and reductions, read the revised 'Payments, reduction and penalties' section of the BPS 2019 scheme rules, which you can find at [www.gov.uk/rpa/bps2019](http://www.gov.uk/rpa/bps2019)

## Your BPS claim

The table below shows how we have calculated the value of the entitlement part of your claim. This is based on the entitlements you will be paid on and it may be different to the number of entitlements you own. If the scheme rules are not followed, these values may be reduced. The amount of the reduction will depend on the extent to which the rules have not been followed.

When working out the value of a BPS claim, we calculate a farmer's 'average entitlement value'. We use this figure when calculating the claim value and applying reductions and penalties.

	Number (or %)	Rate (€)	Reductions / Penalties (€)	Total (€)
SDA	53.9447	181.34		9,782.33
SDA Moorland	176.4948	49.76		8,782.38
Total	230.4395			<b>18,564.71</b>
Average entitlement value		80.56		
<b>Gross value</b>	<b>230.4395</b>	<b>80.56</b>		<b>18,564.21</b>
<b>Penalties (%)</b>				
Over declaration - Reduced Rate (in hectares) (%)	2.04% 3.5199(ha)		283.56	18,280.65
<b>Reductions (%)</b>				
Financial Discipline Mechanism	1.432635		241.96	18,038.69
<b>Total main BPS claim value</b>				<b>18,038.69</b>

## Your greening payment

The table below shows how we have calculated the value of the greening part of your claim. It is worth a maximum of 30% of the total BPS claim value. If the greening rules are not followed, the greening part will be reduced. The amount of the reduction will depend on the extent to which the rules have not been followed.

In 2018, there was a change to the way the Crop diversification and Ecological Focus Area (EFA) penalties are implemented. Where a customer has not met the Crop diversification and Ecological Focus Area (EFA) rules in 3 separate scheme years (whether consecutively or not), the size of any Crop diversification and/or EFA reduction in the further and subsequent years will be doubled. This could mean the loss of the whole of the greening payment - depending on the size of the reduction.

As 2019 is the fifth year of Greening, this is the second year in which the double penalties could apply.

	Number (or %)	Greening rate (€)	Reductions / Penalties (€)	Total (€)
SDA	53.9447	78.11		4,213.62
SDA Moorland	176.4948	21.43		3,782.28
Total	230.4395			<b>7,995.90</b>
Average greening rate:		34.70		
<b>Gross value</b>	<b>230.4395</b>	<b>34.70</b>		<b>7,996.25</b>
<b>Reductions (%)</b>				
Financial Discipline Mechanism	1.432635		105.84	7,890.41
<b>Total greening value</b>				<b>7,890.41</b>

## Part C: Claim and payment history

We have sent you a remittance advice to the main business address held on the Rural Payments service for any payment transactions shown below. The remittance advice gives more information about any reductions for other schemes that may have been made to these payments.

Date	Agreement/Claim Number	Claim value (€)	Claim value (£)	Transaction type	Transaction value (£)
19/12/2019	S0526287C0702223V001	25,663.65	22,864.27	Payment	22,864.27
13/04/2021	S0667868C0702223V002	26,208.60	23,349.77	Payment	485.50
16/02/2022	S0774003C0702223V003	25,929.10	23,100.75	Recovery	-249.01
Total:(To match the total value shown in Part A.)					<b>£ 23,100.76</b>

## Part D: Land and entitlements details

The table below shows you the amount (in hectares) of land in each payment region you claimed, the eligible area recorded by RPA and the number of entitlements held for the scheme year. Your claim value for each payment region will be calculated on the lowest number within the three columns.

- **Area claimed for payment on application** – this is the total area claimed for payment in column C8 of the BPS 2019 application.
- **Eligible area found by RPA** – this is the total eligible area recorded by RPA. It is the maximum area available to you for BPS 2019 and may have changed as a result of any inspections or mapping changes.
- **Number of entitlements available for payment** – this figure includes entitlements held on 15 May 2019, plus any that have been awarded to new or young farmers who applied for them in 2019.

	Area claimed for payment on application	Eligible area found by RPA	Number of entitlements available for payment
SDA	53.9447	54.2178	54.00
Moorland	181.1880	176.4948	185.07

## More information

For more information about calculating your payment, penalties and reductions, read the 'Payments, reduction and penalties' section of the BPS 2019 Scheme rules which you can find at [www.gov.uk/rpa/bps2019](http://www.gov.uk/rpa/bps2019).

If you have any queries about values in this Claim Statement, you should first check your land parcel information in the Rural Payments service, and the above section of the BPS 2019 scheme rules.

If you still do not agree with the amount you have been paid, fill in a payment query form at [www.gov.uk/rpa/bps2019](http://www.gov.uk/rpa/bps2019). You can return the form to us by email or post.
